A LETTER OF BELIEF

॥ न्यायस्तत्र प्रमाण स्यात् ॥

There shall justice prevail'

Hira Lal- Retd, IRS : A Voice for Participatory Governance.

My Dear voters- Namaskar

Many Wishes and Congratulations on the occasion of **चुनाव का पर्व, देश का गर्व**. The time has come to stamp the voice of vote. In the bustling landscape of politics, where party lines often dictate the course of action, there emerges a beacon of independence, a candidate unbound by partisan agendas and vested interests. **I am a Retd. civil servant** from Indian Revenue Service, Department of Revenue, Ministry of Finance, Government of India and I stand before you not as a representative of any party, but as a voice of the people, for the people, driven solely by the desire to serve and uplift the constituency.

In an era plagued by division and polarization, I offer a **refreshing alternative**—an unwavering commitment to **Inclusivity & Representation**, Infrastructure & Connectivity, Environment & Sustainability, **Healthcare, Social Welfare & Safety** Nets, Participatory Governance & **Transparency**. My journey into election is not rooted in ambition for power or personal gain, but rather in a profound sense of duty to my fellow citizens and a vision for a brighter tomorrow.

As an independent candidate, I bring to the table a **unique** perspective—one that transcends the limitations of party politics and embraces the diverse voices that make up our society. I am not bound by the constraints of ideology, but **guided by principles of governance, empathy, and pragmatism**.

Throughout my career, I have witnessed first hand the challenges facing our community—from economic inequality and social injustice to environmental degradation and lack of access to essential services. These are not merely issues to be debated; they are urgent problems that demand bold solutions and decisive action.

My **manifesto** is not just a list of promises, but a **blueprint for change**—a roadmap towards a future where every individual has the opportunity to thrive, regardless of their background or circumstances. It is rooted in the values of fairness, inclusivity, and sustainability, and informed by the input and aspirations of the people I seek to represent.

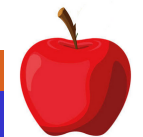

In the coming days and weeks, I will outline my vision for our constituency and present concrete plans to address the pressing issues we face. But more importantly, I will listen—to your concerns, your hopes, and your ideas—because true leadership is not about imposing one's will, but about empowering others to shape their own destiny.

Together, we can chart a new course—one guided by unity, compassion, and a shared commitment to **building a brighter future for generations to come**. Join me on this journey, and together, let us make history—not for the sake of power or prestige, but for the sake of our collective well-being and prosperity.

[H i r a L a l]

Independent Candidate for New Delhi Parliamentary Constituency

06.05.2024

PROMISE NOTE

ETHOS
